PHILO'S GIVE PLAY JAN. 22

A Three Act Comedy Entitled "Mr. Bob"—Will Be Held in the Normal Auditorium.

The Philomathean Literary Society will give the play "Mr. Bob," January 22, in the Normal auditorium, at eight o'clock. The admission will be twenty-five cents to any seat in the room.

"Mr. Bob," is really a young woman who has been a favorite in college, among her girl friends. The plot all centers around the title "Mr."

Miss Rebecca Luke, according to Patty, Rebecca's maid, has "cats on the brain." Aunt Becky, as they call her, has gone so far as to outline a plan to an architect by which her home is to be converted into an asylum for cats. This plan she keeps secret from Phillip Royson, her nephew, who is a lover of the yacht. While she talks "cats" he talks "yachts." Later Phillip agrees to give up his boat if Rebecca will give up the cats. Phillip declines to enter a race which had been planned, remembering his promise to his aunt. A substitute, therefore, is brought in through the quiet scheming of Katherine Rogers. This substitute is none other than "Mr. Bob" (Miss Bryant) whom Phillip thinks is a young man. The humor of the situation is enhanced by the introduction of Robert who represents Benson & Benson law firm. Mr. Brown "comes down" to bring the will of Rebecca's mother. In order that Mr. Brown's identity may be hidden from Phillip, Brown is given various fictitious names by the scheming maid, Patty, and the clever niece, Katherine. In hiding his identity Mr. Brown is thrown into many humorous and trying situations. The butler, Jenkins, has a part in the scheme, and with his stiff formality and spirit of "objections" is made to play a clever part. He and Patty are in love. Patty is stage struck and succeeds in slightly turning the head of the formal butler.

Finally, "Mr. Bob" wins the yacht race in Phillip's boat — her identity and that of Brown is revealed — and all turns out well with Phillip converted to the charms of the innocent "Mr. Bob."

THE NORMAL SCHOOL HONORED

M. G. Neale Leaves Normal to Accept A State Office.

The Fifth District Normal School has been recently honored by having two of its faculty members appointed to state positions.

M. G. Neale, director of the department of Education and training, has been selected as training school inspector of high schools by Howard A. Gass, state superintendent of schools. Mr. Neale will begin his new work Monday, January 11. His classes are now in charge of Pres. Ira Richardson.

P. P. Calloway, head of the department of history for the summer of 1914, was appointed as high school inspector.

The Normal is further honored by having A. H. Cooper, a graduate of 1907, appointed to act as superintendent of the Nodaway County schools to succeed Supt. W. M. Oakerson. Mr. Oakerson resigned to take up his new work as chief clerk under Mr. Gass.

Girls Who Earn Their Way.

Miss Alma Hotchkiss, a graduate of '08, now attending Missouri University told her views concerning girls earning their expenses while in school in the December Missourian Magazine. The article reads:

"Beyond a doubt, I think it pays for a girl to work her way through school," said Miss Alma Hotchkiss of Maryville, Mo., whose Columbia address until a few days ago was 1106 Paquin street. Having suffered injuries in an automobile accident, Miss Hotchkiss was compelled to return home but expects to continue her studies the second semester.

"Working one's way through school," said Miss Hotchkiss, "means to come here without money, or with very little, and to pay one's expenses from day to day by good, hard work. It is a far better plan than teaching school for several years, saving enough for summer sessions and perhaps a year or two. Here you have the University spirit all around you and this is a great incentive to do things."

"I often wish I had learned stenography. Stenographic work pays better than housework. But on the other hand, in some respects I much prefer housework. I do not think I could stand mental work to pay my expenses, in addition to hard study. But as for physical labor, I

do not mind that. It is such an absolute change.

"Girls who have taught school with the idea of saving enough money to come to the University are handicapped. Last year my expenses were about \$200. That would be a good deal to save while you were teaching school. I know, because I taught school for several years, starting at \$30 and receiving \$80 the last year. The impetus to come to school is so far removed when one is miles away.

"I do not think that a girl need lose any of the social life of the University in working her way through. If she would lose this part I should say, 'Do not attempt it.' As for me I never enjoyed myself more in my life than during this year and a half I have been in Columbia. Of course I could imagine conditions being less pleasant than I have found them. I am in a hall with thirteen other girls and we have lots of fun. My experience has been decidedly that it pays for a girl to work her way if she cannot come otherwise.

"It has furnished me an experience which I would not give up. For my board, I wait on tables. Sometimes I wash dishes. Sometimes I go out for three or four hours to do ironing.

"You see I am enthusiastic on this subject of a girl working her way through school. There is no reason why any girl, who has a desire for university education, should do without it. All it requires is energy and perseverance."

Luncheons for M. G. Neale.

M. G. Neale, who leaves the faculty force to take up his new work as training school inspector, in Missouri high schools, was the honor guest at two luncheons, December 21 and 23.

The first luncheon was given by the "Green and White Courier" staff of which he was a member. The seniors prepared the other luncheon. Both were given at the Normal.

A new faculty advisor will be appointed to fill Mr. Neale's place before the next issue of the Courier.

Normal Teacher Goes to Columbia.

R. A. Kinniard, instructor in Agriculture at the Maryville State Normal School, is in Columbia this week attending the State Farmers' Association. It is the annual one week's course in lectures and demonstrations. The association closes Friday evening with a banquet.

BASKET BALL SEASON OPENS

Tarkio Here Wednesday—Hard Game Anticipated—The Normal Team Is On Edge.

The 1915 basket ball season opens on Wednesday, January 13, when Tarkio College plays the Normal team in the Normal gymnasium.

When Coach Hanson was asked as to the outcome of the approaching game with Tarkio College, he said, "I realize that we have a battle on our hands and I understand that our school has never defeated Tarkio. We are confident but not over-confident that we will win the game on Wednesday."

Tarkio College defeated the fast Commerce club basket ball team Wednesday, January 6, in the auditorium at St. Joseph, by a score of 40 to 33.

The Commerce club team is composed of the former Platt Commercial team of St. Joseph and students here will remember this team, inasmuch as the Normal was defeated by them two years ago on our own floor.

The first team, as selected by Coach Hanson is: Forwards, Vandersloot, Leech and Scott; Centers, Ham and Quinn; Guards, McClintock, Scarlet and Woodward.

Fred Vandersloot, better known as "Fritz," has played basket ball five years — one year at Fort Morgan, Colorado, one year with the Maryville High School and three years at the Normal. Fred acted as captain of the first team at the Normal and the Maryville High School both, — one year in each place.

"Hickory" Leach has had four years of basket ball training, — two years at Pickering and two years in the Maryville High School.

Frank Ham is playing his second year of basket ball. All his work has been done here. "Ham" plays a steady game.

Ralph McClintock, known as "Pig-iron" among the boys, was captain of the Normal team two years ago. He has made a splendid showing in all his work.

"Dad" Scarlett is in his fourth year of basket ball. The three years previous to this, he played on the Fairfax High School team.

Walter Scott, "Scottie," has had two years preparation. He spent

SCHOOL SPIRIT.

We are looking forward eagerly to our basket ball tournament which begins Wednesday, January 13. The student body was ready with plenty of vim when H. P. Swinehart called for volunteers to sell tickets. Now keep this spirit up in rooting for the boys. In a game the rooters can be the means of gaining the victory or they can be the means of losing the game by indifference and lack of school spirit.

Numbers help. If you don't want to sing or yell, boost at least with your presence. Don't place yourself back in the outer corner of the lookers' on, but get down with the "bunch." Get where you can watch every play. Soon you will forget yourself and be cheering. But remember the time to cheer is when everything seems to be going dead wrong — then sing "We'll win the game." When the team feels that we, as the entire student body, are boosting for them they will win for No. 5.

"Come" then, is the watchword. You will get the enthusiasm.

We must begin now with interest and enthusiasm for the team and carry it on to the next big event, which will be the track meet.

Philos Entertain.

The evening of December 17, the Philomathean Literary Society gave a party to the Eurekan Society in the school library. The room was decorated in the colors and pennants of the societies and ferns and palms. The program of music and games began with the prophesies of the future and closed with a mock wedding joining the two societies. Sixty members were present, including Miss Beatrix Winn, Harry A. Miller and M. G. Neale.
